

Technical Datasheet – SolarCleano T1

Mechanical specifications

Speed	177'/min
Torque	110Nm/caterpillar
Weight	770 lbs
Width	47"
Length	51"
Minimum platform height Base	27"
platform height	60"
Base platform max. (full deployed)	74"
Protection	IP54

Electrical specifications

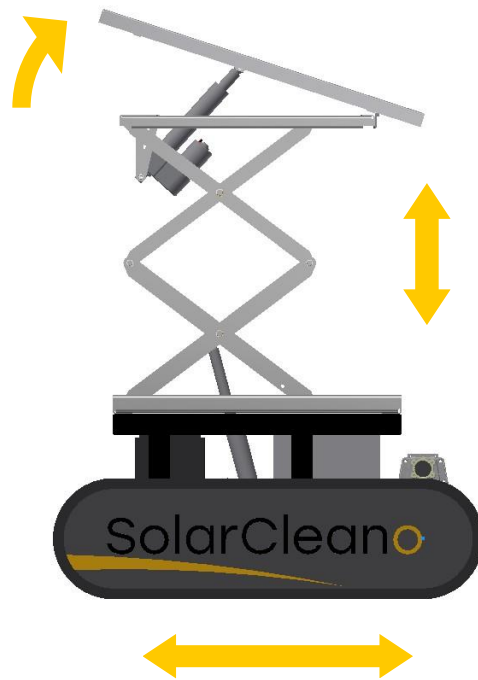

Battery	48V 30Ah
Autonomy	4h of continuous work (normal use 1 full day)

Remote control

Range	650'
Autonomy	22h
Protection	IP65
